Crescent Community  
Care Services Limited

May 2026 

## STAFF NEWSLETTER *May 2026*

### HELLO TEAM!

Thank you for your continued dedication and the compassionate care you provide every day. These reminders and updates are here to support you, our clients and our service.

*Together, we care.  
Together, we make a difference.* 

1

#### CONFIDENTIALITY IN FRONT OF CLIENTS

Please be mindful that clients hear everything that you are talking about, especially when on double ups.

You should not be discussing other clients in front of the person you are seeing and we have had reports that this is happening more and more often.

**Think before  
you speak.**

2

#### LANGUAGE

Please make sure that you do not use any form of bad language in front of your clients.

It can easily slip however it is not professional and should not happen.

**Keep it  
professional  
at all times.**

3

#### LOGGING IN AND OUT

Please make sure you log in when you arrive at the clients. This helps us to prove how long it took you to get into the client and complete the visit.

Also can you make sure you log out when leaving as the app will send over the handover note and the medication report.

If you forget to log out then we do not get this for a while afterwards and then does not prove the time you were actually in the call.

**Log in. Log out.  
It's important.**

4

#### WASHING MACHINES / TUMBLE DRYERS

Please be mindful not to overload these.

If the machines are overloaded then they can break and if this happens you will be responsible for the costs of repairs.

**Be careful today,  
avoid costs  
tomorrow.**

5

#### OFFICE CALLING

We may need to contact you with information about your clients.

We are not always aware of peoples days off when we are dealing with these issues.

If you have a missed call then please at your earliest convenience can you call us back so we can update you.

**The call maybe of  
the utmost importance.**

6

#### COURSES

Please check the training portal and ensure that you are updating your courses.

These are mandatory and need completing.

**Stay up to date.  
Stay compliant.  
Stay confident.**

7

#### WELCOME TO THE NEW MEMBERS OF THE TEAM

We would like to welcome **Ilesha & Lisa** to the team.

We hope you are settling in and wish you every success.

We are pleased you have joined us!

### THANK YOU!

Your hard work, kindness and professionalism make a real difference to the lives of the people we support.

*If you have any questions, concerns or need any support, please contact the office.*

COMPASSION • RESPECT • INTEGRITY • TEAMWORK
