Care Services Limited

August 2026 

STAFF NEWSLETTER *August 2026*

HELLO TEAM!

Thank you for your continued dedication, compassion and professionalism. You make such a positive difference to the lives of our clients every single day.

*Together, we care.
Together, we make a difference.* 

1

LOGGING IN AND OUT

We have sent our logging in and out to Portsmouth City Council as they have to see them. There are a lot of people not logging out properly.

Firstly we do not get the handovers and we do not get the meds information and neither do your colleagues.

The council will start to refuse to pay for calls that are not logged in and out of correctly and we will have to claim that money back from you, so please make sure you log in and out correctly.

Log in. Log out.
It protects you, your clients and your pay.

2

COURSES

Please check your courses are in date.

You receive an email from Click / Flourish Training every week telling you what is outstanding.

We have to provide this information to both CQC and Portsmouth City Council.

3

SPOT CHECKS

At the spot checks many people have not got their badges on them or they may be out of date.

Make sure you have them as proof of who you are at every visit please.

4

CARE PLANS

Many colleagues are not reading the care plans.

All of the information is on these and you should update yourself on any changes.

5

TASKS

If you find that there are tasks that we do not complete for the clients then please email in so we can take them off other than leaving them on the app and you putting not required.

We have to answer to why you are saying not required so it is easier to take them off.

6

MEDICATION ON APP

Please make sure you use the app and check and mark off the medication when you actually give them to the client and this actually time stamps the specific time.

If everyone gets used to doing that we can take that task of all clients.

Thank you!

Your hard work, care and professionalism do not go unnoticed.

You truly make a difference every day.

COMPASSION
We care with kindness.

RESPECT
We value everyone.

INTEGRITY
We do the right thing.

TEAMWORK
We achieve more together.

Together, we make a difference.
