April 2026

WELCOME & THANK YOU

Thank you all for your continued hard work, compassion and dedication. The care and support you provide every day makes a real difference to the lives of the people we support. We appreciate everything you do.

1. CARE TASKS – YOUR HELP NEEDED

We are currently reviewing care plans and tasks as we know that some clients have tasks on their plans that are no longer required.

If you become aware of any tasks that are not needed, please call the office and let us know as soon as possible.

This allows us to remove them from the system quickly, which helps you by reducing unnecessary recording and paperwork.

2. TRAINING UPDATES

There are still a number of staff who have training courses that are overdue or out of date.

Keeping your training up to date is essential for:

- ✓ Your personal development
- ✓ Providing safe, high-quality care
- ✓ Meeting legal and CQC requirements

Please log into the training portal today, check your course status and complete any outstanding training as soon as possible.

3. STAFF PORTAL NOW LIVE

Our Staff Portal is now up and running and is the best place to access important information, policies, updates and documents.

Website: www.crescentstaffportal.co.uk

To add the portal to your home screen on your phone:

- 1 Open the website
- 2 Tap the three dots or 'More' menu
- 3 Select 'Add to Home Screen'

Action required:

- ✓ Please review all policies
- ✓ Click to confirm you have read them

This confirms you are up to date and aware of our expectations and procedures.

4. APPRAISALS – FINAL REMINDER

There are still some staff who have not booked in for their appraisal.

All appraisals must be completed this week.

Appraisals are a legal requirement for all employees. They give you the opportunity to discuss your role, achievements, development and any support you may need.

If you do not attend your appraisal without good reason, we will be required to follow our disciplinary procedure – which we really want to avoid.

Please book your appointment as soon as possible.

5. PPE REMINDER – EVERYONE'S RESPONSIBILITY

While we aim to ensure gloves and aprons are available in all clients' homes, we can only replace items when we are informed they have run out.

It is your responsibility to:

- ✓ Carry spare PPE (gloves and aprons) with you at all times
- ✓ Check PPE stock in each home
- ✓ Let the office know when supplies are running low

Personal care must never be provided without PPE. This is both unethical and illegal and puts you and the people we support at risk.
